

Reservoir High School

STEM at Reservoir

Reservoir High School

Interested in...

Participating in STEM related opportunities

Enhancing your curriculum

Satisfying an Appendix D objective...

Then *STEM Fridays* is for you

When Does It Start?

February 3rd, 2012 and every Friday until May 4th

Presenter's will be representing reputable firms. Their presentations will be directly related to STEM

How do I sign-up?

A CLC email will share information that will allow you to link to a Google.doc to register for a presentation. We will need to know if you wish to participate 2 weeks in advance

How can I find out information about the presenters?

The Google.doc will have an abstract as to each presentation's focus

Why participate?

Support the Common Core STEM standards

What can I expect?

Presentations that are not like your typical Career Day...students will be engaged in some sort of hands-on, or minds-on, activity

Companies Represented

- Henggeler Consulting
- SOFIAC Software Engineering
- University of Maryland
- NSA
- Space Telescope Science Institution
- Kyrus: Security Engineering
- US Nuclear Regulatory Commission
- Northrop Grumman
- NIH
